TECHNICAL SKILLS

Javascript	ES5 / ES6, React.js, Redux, React-Native, jQuery, AJAX
Ruby / Database	Ruby, Ruby on Rails, SQL (MySQL, PostgreSQL), RSpec
Web Design	HTML5, CSS3, Bootstrap, Sass
Version Control	Git, Github

PROJECTS

EventHub | Full Stack Engineer   Live | Github
- Created a full-stack, single-page events application using Ruby on Rails and PostgreSQL as a backend REST API and a React/Redux frontend
- Remotely stored drag-and-drop image uploads on the cloud using Cloudinary
- Implemented pagination to optimize performance, reducing load time and server load

RGBandMe | Frontend Engineer   Live | Github
- Engineered interactive JavaScript application to teach the RGB color model
- Developed functions to generate randomized game squares
- Designed CSS animation and transition effect for improved gameplay

Space Pong | Frontend Engineer   Live | Github
- Customized an algorithm to create an AI that dynamically moves toward game object
- Calculated 3D rendering by using physics concepts to apply spin to the ball object and scaling the ball size with distance

Rails Lite | Software Developer   Github
- Utilized Ruby's metaprogramming to create logic and functionality for request routing, a RESTful API, base controllers, and ActiveRecord base models

TECHNICAL EXPERIENCE

Nordstromrack.com, Hautelook | Fraud Analyst   Oct 2015 – Aug 2016
- Developed SQL queries to analyze member data to report fraud trends, patterns, and account irregularities
- Prevented an average of $15,800 in fraudulent transactions each day by thoroughly reviewing orders for fraud and processing order cancellations

CTR Market Research, Beijing | Digital Analyst   Aug 2014 – Dec 2014
- Evaluated the ROI of foreign marketing campaigns to measure ad placements and the impact on consumer behavior
- Produced market analysis spreadsheets, pivot tables, and PowerPoint presentations to provide insight to 250 international brand and media owners

EDUCATION

App Academy   Spring 2017
Rigorous 1000+ hour software engineer program with <5% acceptance rate

University of California, Los Angeles (UCLA)   Spring 2014
Bachelors in International Development Studies / Economics
